

King Cobra® 1200 Pro

Multi-Surface Cleaner

The latest innovation in the **King Cobra 1200 PRO** features an improved dual-surface design that significantly increases your cleaning capability. Using high pressure water at 1200 psi for hard surface cleaning of tile, stone, concrete and other hard surfaces, the **King Cobra 1200 PRO** easily loosens soils and immediately vacuums them up with a powerful 3-stage vacuum. This cleaning method leaves floors dryer than traditional methods and minimizes downtime. Auto-fill, auto-dump, and power priming significantly increase your productivity on the job by eliminating the need to stop work to fill or empty solution tanks.

The **King Cobra 1200 PRO** is the only multi-surface extractor on the market with dual solution pumps: 1200 psi for hard surface cleaning; then for professional carpet cleaning, switch to instant 212°F hot water with the adjustable 150-500 psi. This dual pump technology is patented.

The patented built-in 25' hose reel provides easy hose management right where you need it. The wand holder, convenient cord wrap, and large transport wheels allow efficient, one-person transport.

Contact **HydraMaster** today for more information on the **King Cobra 1200 PRO**.

"My growing clientele in multi-floor office buildings led me to the King Cobra 1200 Pro. It's versatile, powerful, and gets the job done."

- Cleaning Contractor who is a sworn truckmount user

"We found a way to restoratively clean out tile and grout, stone, concrete and carpeting without needing more than one machine."

- Building Service Contractor

"The King Cobra 1200 Pro saved us thousands of dollars in labor costs the first year."

- Facilities Maintenance Contractor

"We did 200,000-square feet of hard surface floors in one weekend."

- Healthcare Services

King Cobra® 1200 Pro

Features & Benefits

- **Dual Surface Capable Patented Dual Pumps:** separate pump for 1200 psi hard surface cleaning; and a Separate pump for instant 212° F hot water carpet extraction with adjustable pressure of 150 to 500 psi
- **Hose Reel:** Patent pending, built-in hose reel with 25' vacuum hose and solution line for easy hose management
- **Heater Element:** In-line, after the pump, for longer life and instant heat up to 212° F at the wand tip, lifetime warranty on heater
- **Smart Circuit Locator:** Detects separate lines to eliminate blown circuits
- **Low Solution Fill:** Solution fill area located low for easy bucket fill for less back stress
- **Low Moisture System:** Less water combined with higher heat means faster drying, less chance of shrinkage and less wicking from the pad
- **Tanks and body:** Lightweight, rotationally molded with lifetime warranty against cracks, leaks, and dents
- **Cord Wrap:** Accommodates up to 50 feet of 12/3 electrical cord
- **Power Prime System:** Foot operated valve for easy priming
- **Proven Performance:** Gold rating from CRI for carpet cleaning
- **Top Warranty:** Industry leading, 2 year parts and labor warranty standard

Specifications

	King Cobra 1200 PRO
Vacuum	7.2", 3-stage vacuum
Shutoff	Ball & float
Pump	Positive displacement 1200 psi pump, positive displacement pump with adjustable pressure from 150-500 psi
Solution Pump	1200 psi / 2.2 gpm
Waterlift	140"
Heat	Instant to 212° F
Heater	2000 watt in-line heater
Wand	Evolution Rotationally Molded Wand, twin tip for 500 psi
Weight	203 lbs.
Dimensions	39"H x 21"W x 36"L
CRI Cert.	GOLD
Part Number	KC-1200-500 (machine only) KC-1200-500EV (with Evolution wand) KC-1200-500RX (with RX-15 Rotary Hard Surface Tool) KC-1200-500HTEV (entire package)

Standard Features

- Hose reel: Patented, built-in hose reel
- Smart circuit locator
- Low moisture design
- 16 gallon solution tank; 14 gallon recovery tank
- Chemical tray
- Two handles for easy maneuverability and loading
- Wand caddy for easy transport
- Dump hose, 22" height
- Auto-fill
- Power prime system
- Stainless steel pre-filter
- Auto pump, 5.5 gpm with electronic shut-off
- 10" non-marking wheels
- Low solution filling area for easy filling
- 25' high pressure solution line and crushproof vacuum hose
- Cords: 2 each detachable 12/3 gauge, hospital grade plugs
