**Soap & Detergent Free Effervescent Carpet & Upholstery Cleaning Solution**

with  
**TRITANOL**  
 1+1=3

HydraFREE represents the newest technology in soap and detergent free carpet cleaning. Extraordinary cleaning results can be your expectation, while the soap and detergent free formula leaves the carpet squeaky clean and the free rinsing solution leaves the carpet refreshed with no sticky residue. HydraFREE contains no harsh chlorinated solvents, surfactants, butyls, enzymes, bacteria, and bleach, yet it provides excellent cleaning results on carpet that has been exposed to high levels of grease, oil, and dirt.

If for any reason you are not thrilled with the performance of HydraFREE return it to your distributor and we'll get you a product that does.

HydraFREE represents the newest technology in soap and detergent free carpet cleaning. Extraordinary cleaning results can be your expectation, while the soap and detergent free formula leaves the carpet squeaky clean and the free rinsing solution leaves the carpet refreshed with no sticky residue. HydraFREE contains no harsh chlorinated solvents, surfactants, butyls, enzymes, bacteria, and bleach, yet it provides excellent cleaning results on carpet that has been exposed to high levels of grease, oil, and dirt. It is odor-free at use dilution and leaves no sticky soap or detergent residues that can contribute to rapid re-soiling of the carpet after cleaning and spotting wickback. HydraFREE also uses the effervescent cleaning power of activated oxygen to assist in soil suspension and extraction. It cleans the grimeiest and dirtiest of carpets while still meeting warranty restrictions for residential stain resistant carpet HydraFREE is a versatile cleaning agent also. While it was designed as an extraction rinse for portable and truck mounted extractors, its unique formula makes it also effective as a hot water extraction pre-spray and spotting agent. It works well with hot, warm, or cold water cleaning applications. If you're looking for one emulsifier that's strong enough for carpet but safe enough for upholstery, you found it! It has a low pH so it can be used virtually on any synthetic fiber. It's also safe for your equipment!

**Directions:**  
**Precleaning Precautions:**

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Follow all directions carefully for best results

**As an extraction cleaning rinse:**

1. For truckmount concentrate, mix 3 cups (1.5 pounds) of powder with five gallons of hot water. Mix well and set solution flow meter on truckmount between 2-3 gph. For portable extractors, mix 2 to 3 powder ounces with five gallons of water.
2. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.
3. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

**Contents:** Sodium tripolyphosphate (7758-29-4); Sodium percarbonate (15630-89-4); Diethylene glycol monobutyl ether (112-34-5); Sodium metasilicate pentahydrate (6834-92-0); Sodium carbonate (497-19-8); Sodium bicarbonate (144-55-8); EDTA Na4 salt (64-02-8); proprietary corrosion inhibitor

This product meets industry ingredient guidelines for green cleaning solutions. However, this product has not been evaluated by any independent third party certification group or agency.

**As a carpet or upholstery pre-spray:**

1. For heavy soiling, mix 3 ounces of powder with one gallon of hot water. For moderate to light soil, mix 1-2 ounces of powder with one gallon of hot water.
2. For use with an in-line injection sprayer, mix 12 ounces of powder with five quarts of water. Use standard mix rate of 1:8
3. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.
4. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

**As a low moisture bonnet cleaning solution:**

1. Mix four ounces of powder with five gallons of hot water. Spray carpet and bonnet with mixed solution.
2. Rotate or change bonnet pad when it stops absorbing soil

**As a carpet spotting agent:**

1. Mix eight ounces of powder with one gallon of hot water. Apply with flip top applicator or trigger sprayer.
2. Allow to dwell 2-3 minutes
3. Blot area or extract.

**GHS U.S. – CLASSIFICATION: WARNING**

Harmful if swallowed. Causes skin irritation. Causes serious eye irritation.

**PRECAUTIONARY STATEMENTS (GHS-US)**

The product is classified and labeled according to the Globally Harmonized System (GHS)

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Wash skin and contaminated clothing thoroughly after handling. Do not eat, drink or smoke when using this product. Wear suitable protective gloves/protective clothing/eye protection/face protection. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Dispose of contents/container in accordance with local/regional/national/international regulations.

**OSHA HAZARDS:** D-Limonene: Combustible Liquid, Target Organ Effect, Skin Sensitizer, Irritant

**CLASSIFICATION SYSTEM:** NFPA/HMIS Definitions: 0-Least, 1-Slight, 2-Moderate, 3-High, 4-Extreme.

NFPA RATINGS (SCALE 0-4): Health = 2, Fire = 0, Reactivity = 0

HMIS RATINGS (SCALE 0-5): Health = 2, Fire = 0, Reactivity = 0
