

**BOOSTER**

2 Oz per Gallon  
Carpet & Upholstery  
Hard Surfaces

# GreaseBreaker™

Citrus-Based Cleaning Booster, Degreaser, and Fragrance Additive

**GreaseBreaker** is the perfect extra power punch when you encounter a heavy build-up of caked on grease and oxidized oils in a heavily soiled carpet. **GreaseBreaker** can also be applied as a ready-to-use degreaser. It is an excellent restoration cleaner for smoke damaged hard surfaces. Your customers will love the refreshing fragrance of **GreaseBreaker**.

If for any reason you are not thrilled with the performance of **GreaseBreaker** return it to your distributor and we'll get you a product that does.

Net Contents:  
One U.S. Gallon (3.78 liters)

Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. The manufacturer and seller make no representation or warranty, including merchantability or any other kind, expressed or implied. The foregoing may not be altered except by written agreement by officers of the manufacturer.

Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in conjunction therewith. The user should thoroughly review the material safety data sheet for this product and follow recommendations for mixing, application, disposal, and the use of any applicable personal protective equipment (PPE). The manufacturer, distributor, and seller of this product warrant that the chemical contained herein conforms to its standard specifications.

**GreaseBreaker** is the perfect extra power punch when you encounter a heavy build-up of caked on grease and oxidized oils in a heavily soiled carpet. Unlike many orange smelling boosting and degreasing agents that contain over 80% solvent fillers and additives, **GreaseBreaker** contains 100% active boosting and degreasing ingredients primarily derived from the peels of citrus fruits. **GreaseBreaker** is a must whenever you face the toughest cleaning situations.

**GreaseBreaker** is used as a booster to your favorite carpet prespray – just add two ounces to your pre-mixed gallon of prespray. It will cut through the worst greasy, oily soils faster and easier, so you do not have to overscrub or agitate and overwet the carpet to get it cleaned! **GreaseBreaker** can also be applied as a ready-to-use degreaser. It is an excellent restoration cleaner for smoke damaged hard surfaces. Your customers will love the refreshing fragrance of **GreaseBreaker**.

**Contents:** D-Limonene (CAS# 8008-57-9); Odorless Mineral Spirits (CAS# 8042-41-3)

Part # 950-160-S Art 950-160-S R2

### Directions:

- Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
- For increased efficiency, apply your prespray boosted with **GreaseBreaker** with injection sprayer to take advantage of solution pressure and heat created by your high performance portable extractor or truckmount. You can also use a "pump-up" pressure sprayer, or electric or battery powered sprayer. Apply in even overlapping patterns.
- As a general purpose degreaser and booster, mix 1-2 ounces of **GreaseBreaker** with each mixed gallon of carpet prespray or your compatible hard surface cleaning prespray.
- Extract with a compatible alkaline extraction detergent or acid/neutralizing rinse. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.
- For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.
- Do not boost alkaline extraction detergents or acid/neutralizing rinse with **GreaseBreaker** that are going to run through the pump in your extraction equipment. Designed for use in prespray solutions only.

### Instrucciones:

- Siempre antes de probar todas las soluciones de limpieza en un área oculta la estabilidad del color antes de la aplicación.
- Para una mayor eficiencia, aplique su prerociado potenciado con **GreaseBreaker** con pulverizador de inyección para tomar ventaja de presión de la solución y el calor creado por su alto rendimiento portátil extractor o Truckmount. También puede usar una "bomba-up" pulverizador o rociador accionado eléctrica o batería. Aplicar incluso superposición de patrones.
- Como desengrasante de uso general y de refuerzo, mezcle 1-2 onzas de **GreaseBreaker** con cada galón de mezcla de prerociado alfombra o superficie dura su limpieza compatible prerociado.
- Extraer con un detergente compatible extracción alcalina o ácido / neutralización de enjuague. Para una limpieza más rápida, reduce la fatiga y la eliminación de la suciedad más eficaz, se extrae con el **RX-20 Herramienta de extracción de Rotary**. En muebles ambientes densos utilizar la varita de limpieza **Evolution**.
- Para un secado más rápido, especialmente en ambientes húmedos, considerar el uso de un motor axial, el aire centrífugo o de corriente descendente después de la limpieza.
- No aumentar la extracción de detergentes alcalinos o ácidos / neutralización enjuague con GreaseBreaker que se van a ejecutar a través de la bomba en su equipo de extracción. Diseñado para su uso en soluciones Prespray solamente.

### GHS U.S. – CLASSIFICATION: WARNING

Harmful if swallowed. Causes skin irritation. Causes serious eye irritation.

### PRECAUTIONARY STATEMENTS (GHS-US)

The product is classified and labeled according to the Globally Harmonized System (GHS)

Flammable liquid and vapor. May be harmful if swallowed. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Very toxic to aquatic life.

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep away from heat/sparks/open flames/hot surfaces – No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion proof electrical/ventilation/light...equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing dust/fume/gas/mist/vapors/spray. Wash skin and contaminated clothing thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well ventilated area. Wear suitable protective gloves/protective clothing/eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If eye irritation persists, get medical attention.
