

Professional Spotting Kit

SPOTTER

Everything you need for almost any spot and stain.

Our Professional Spotting Kit gives you twice the solution as compared to competitive kits. Every CleanMaster chemical is a full size quart bottle.

HydraMaster's Professional Spotting Kit contains our most popular spot and stain removing solutions designed for the cleaning professional.

Many stains previously described as permanent can now be safely and effectively eliminated by the solutions in this kit.

Part # 002-038

Each kit contains:

- Quart of KnockOut 1—Oxidizing Stain Remover
- Quart of RedBreak 1—Red Stain and Colored Food and Drink Stain Remover
- Quart of OJ—Gelled Citrus Solvent Speciality Adhesive and Gum Remover
- Quart of SpotMaster Gel XP—Gelled Stain Remover for Oil Based Spots and Stains
- Quart of SpotMaster Pro XP—First Response Spot and Stain Remover
- Quart of UPS—Acid Spotter and Urine Pretreatment
- Tamping brush
- Bone (spotting) spatula
- Six (6) absorbent cotton towels
- Spot and stain removal guide
- Insulated carrying bag protects solutions from intense heat and extreme cold to prolong useful life of products.

Product cannot ship via air freight
