

# UPS

DEODORANT

RTU pH 2.7-3.3  
Dilution: 1:1-6  
Synthetic and wool  
carpets and rugs

## Urine Pre-spray Neutralizing Treatment

UPS is for use as a urine contamination neutralizer and as an incredibly effective acid detergent spotter for treating tannin, salt, or alkaline based spots and spills on carpet and upholstery.

UPS is a special synergistic blend of acid neutralizers, detergents, odor counteractants, and decontamination deodorizers.

- UPS will effectively dissolve and dislodge alkaline salt residues that build up in urine deposits and neutralize sticky and gummy lipids and contamination which will make any urine deodorization solution work faster and more effectively. The specialty surfactants carry the active ingredients deep into the carpet and help to penetrate the carpet fiber for more effective treatment.
- Can effectively eliminate odor on some urine deposits. **Pretreating the urine with UPS makes all enzyme and encapsulating pet odor deodorization solutions work faster and effectively.**
- It can often be used to eliminate spots caused by coffee, tea, wine, soft drinks, as well as to neutralize and break down the build-up of many ice melt compounds in carpeting. UPS has a refreshing, clean scent.

### Directions:

Please read the full label directions before cleaning.

*For pre-treatment and neutralization of urine contamination and deposits:*

1. Pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix UPS 1 part solution with 4-6 parts warm or hot water depending upon severity of contamination.
3. Using a spray applicator, saturate spray the affected areas. Make sure that the UPS mixture comes in direct contact with the source material for most effective treatment.
4. Allow 3 to 10 minutes of dwell time.
5. On severe urine contamination, flush liberally and extract with a sub-surface extraction tool or wand. Extract area thoroughly.
6. For faster drying, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

Available in: 1 Quart; Case of 12 x 1 Quart; 1  
Gallon; Case of 4 x 1 Gallon

Part # 800-475
